

Bearskin Meadow Camp

Is a camp for kids who have Type1 Diabetes that can spend time with other campers who also have Type 1 Diabetes. It's an opportunity for them to feel as if their disease is not stigmatized. It located in the Sequoia National Forest. *And boy, is it a fun time of fellowship.*

WE NEED YOUR HELP!

Work Weekend: May 26-29, 2023, in Sequoia National Forest. Every Memorial Day weekend, Lion's, Leo's, and other volunteers, gather to get camp ready for the summer! While everyone is welcome, this event is focused on service work and not designed for young children; we will not have recreation programs or staff dedicated to childcare. There will be equipment and machinery on site, and conditions may be (extra) dusty and dirty. Come ready to work hard and have a lot of fun with a great group of volunteers – meals and lodging are on us! This weekend is free to participate! Meals will be provided. We need your help volunteering to get camp ready for the camp season.
